November Dispatch

♪♪ Well, the months start comin' and they don't stop comin'. It's November and we hit the ground runnin'. ♪♪

Tis' the season to start freaking out about the holidays, family, and the existential dread that TIME marches on and reminds us all things must change, like your clocks this weekend. Don't freak out yet. Yes, it is the end of Daylight Savings Time this weekend but that's not what has us crying. The days are short like MotoGP riders so may this email be a light to you in dark places when daylight savings and the weather make sunlight go out.

So long, and thanks for all the fish

Community; one of the first things that comes to mind when thinking about Motocorsa, our home dealership. Behind that community is the magic sauce of the incredible people there and the power they have to bring us together. One of those very fine folks; Shahin le saucier, simmered it, whisked it, (in some cases bottled it,) and then drenched the town in it when he took over as General Manager of Motocorsa 9 years ago. *It* being community magic sauce, obviously.

Stellar attitude, charisma, candor, humor, and good looks are undeniable affectations of Shahin. A voice and laugh you can hear from across the showroom, a beard you can recognize under any helmet, and a positive outlook that helps you forget how much you hate Outlook™ makes for fast friends and lasting impressions.

He champions everyone around him; whether new riders, seasoned vets, or recovering KLR owners. An exceptional, accomplished motorcyclist, he drives those around him to experience motorcycling in an amazing and positive way by creating safe, inclusive, spaces for everyone to learn and participate. He is an enormous part of making Motocorsa the hangout it is today.

Thus we are crestfallen and bring news (if you haven't heard already) that Shahin and his wonderful, equally inspiring, uplifting, Pacifica member, all around superhuman, wife Ann will be leaving the PNW in peak rainy season for the sunny skies of LA at the end of the year. Their next stop is still a secret so you'll have to keep tabs on them to find out what comes next in their story.

Shahin's last day at the shop will be November 9th. Swing by around 4pm for hugs.

To Ann and Shahin; this is goodbye but not farewell. We wish you the absolute best and you had better expect some couch crashers. This community wouldn't be what it is without you.

Three truths and a(lot) of lie(s)

[air horn sounds and strobe lights] bwah bwah bwah bwaaaaaaaah! The Council of DucPac welcomes a new board member, Pezzo Vitale if you will, SARAH.

Sarah (darkluna on [Discord](#)) once gave her own mother “the talk”. When she rides a new bike off the lot, its price increases in value. Sarah attended her first track day in June of this year and went on to do six more between the ridge and PIR. She won a staring contest with her own reflection.

She started on a hand-me-down-of-hand-me-downs XJ600 in 2016. She’s thrown her Scrambler at track days, ADV101, and used it to backpack new club member (and recent Team Oregon Graduate) Marly around until she got her own bike. Living vicariously through herself, Sarah's next feat is American Supercamp to ride slideways. She IS the most interesting woman in the world.

You’ll start seeing her hand in shaping our events and instigating shenanigans through the year and we’re stoked to have her onboard to keep us from being distracted by shiny objects as we start 2025 planning.

Survey it like an HOA dispute depends on it

A bunch of you have already completed the member survey, and for that we sincerely thank you. We’re definitely taking the critical feedback to heart and loved hearing about what brings everyone together in this little club of ours. Even just reading people playing to the stupid jokes

feels good after a long day of procrastinating at our day jobs.

March 16th 2025 - Ducati Pacifica is showing up for the Portland Shamrock Run. Get on the Discord for encouragement or questions and put those shoes on this winter to engage in some human preventative maintenance routines. You keep your bike on a tender when it's garaged, keep that heart on one too so we can slay in the spring. You don't even need to be an official Ducati Pacifica member to participate, so come run with us. Join our team at the link [here](#). If that doesn't work the team name is Ducati Pacifica and the password is "fine I'll do it". Most are running the 5k, but you can still be on the team if you want to run the 8k or half marathon.
